

Letting our Senators in Washington know that we are against Federal Discharge Permits for our recreational vessels has never been easier, thanks to NMMA and the Boat Blue Coalition.

Here is all it takes:

Visit [www.boatblue.org/takeaction.aspx](http://www.boatblue.org/takeaction.aspx)

Focus on the left half of the site

Ignore "Find your Official" at the right half

Scroll to the bottom until you reach "Featured Alert, Support the Clean Boating Act 2008"

Click on "Take Action"

Scroll to the bottom and

a) Use their letter or composed your own

b) Send via email - not snail mail or it will never get there

Fill in your "Sender Information"

Click on "Send Message"

The message will be sent and you will get an immediate acknowledgment of that fact.

IT'S REAL SIMPLE! PLEASE ACT NOW!
